

Skin Cancers Pathway Map Acknowledgment

The following individuals are acknowledged for their involvement in the development of the Skin Cancers Pathway Map, in their capacity as clinical experts, as listed below. A core group of clinicians who volunteered to develop an initial draft of the Pathway Map are specifically recognized and acknowledged for their contribution.

All individuals acknowledged here have reviewed the content of the Pathway Map and confirm that, with respect to their medical specialty and to the best of their clinical judgment and opinion, the Pathway Map depicts evidence-based best practice and is informed appropriately by expert opinion where evidence is conflicting or missing.

Furthermore, they support the release of the Pathway Map on the external Ontario Health (Cancer Care Ontario) website and they consent to their names being listed as contributors to the Pathway Map.

Members of the Ontario Skin Cancers Advisory Committee who developed the initial draft of the Skin Cancers Pathway Map

**Pathway Map Chair: Frances Wright, MD
